Department. Environmental Law and Sustainability Department

---

Adv. Yehoshua specializes in environmental regulation. He provides ongoing legal counsel regarding environmental licenses and permits, as well as representation in litigation proceedings and civil, administrative and criminal proceedings.

Adv. Yehoshua advises clients, including industrial factories, defense companies, power plants, national infrastructure companies, oil and gas partnerships and recycling companies, regarding projects and transactions with environmental aspects. In addition, he builds environmental compliance and risk management programs for clients.
